Healdsburg Employee Recognition Opportunity

2018

Our employees play a big role in our thriving economy. The HERO Program is designed to both say thank you to our Healdsburg employees and to encourage employees to familiarize themselves with local businesses. As a Healdsburg employer you can give HERO cards to your employees to use for special discounts and purchases at local businesses, and if you are a local business you can sign up to accept the card.

The program offers will be listed on our website at healdsburg.com/resources/hero/. All businesses offering something special will be listed on the backside of the card. The HERO card is updated annually. HERO cards are complimentary for Healdsburg employers to distribute to their employees.
